

We would like to express our heartfelt appreciation for **your** January 21, 2011 gift of \$150.00 to [REDACTED]. 2010 was an extraordinary year of emergencies for [REDACTED], stretching our organization to the limit. It is because of **your** support that we were able to respond with the scale and scope of activities required to meet the needs of our patients this year.

Responds to a Rapidly Spreading Cholera Epidemic in Haiti: By early November 2010, the cholera outbreak in rural Haiti had spread from the north to the capital city of Port-au-Prince where 1.3 million homeless earthquake survivors live in camps. As of November 28th, the outbreak had sickened more than 77,000 people nationwide. [REDACTED] teams alone treated 41,000 people in over 20 cholera treatment centers around the country. Untreated, acute cases of cholera can kill in less than 24 hours.

Brings Emergency Aid to Pakistan: At the end of July 2010, Pakistan experienced the worst floods it had seen in 80 years, affecting between 5 and 20 million people in the Swat Valley and causing widespread destruction to homes and infrastructure. [REDACTED] teams were already working in Pakistan, and in the three months following the floods, they provided more than 1,250,400 liters of clean water to affected communities in different parts of the country. We distributed a total of 57,714 relief item kits and 13,755 tents to 39,283 -families.

Emergency Medical Care Continues in Somalia Despite Violence: Intense combat in Mogadishu is straining our ability to treat the wounded at Dayniile Hospital on the outskirts of the capital. In a one month period between August and September 2010, [REDACTED] treated 500 war-wounded, 370 of them suffering from blast injuries and 130 from gunshot wounds.

These are few examples of the medical assistance we provide in more than 60 countries around the world. These accomplishments would not have been possible without the support of our donors.

Each and every day our field staff use their skills and commitment to bring medical care to those who desperately need it. Thank **you** again for **your** generosity.

Very Gratefully Yours,
